# FOR IMMEDIATE RELEASE

## MedCraft Investment Partners Acquires Fully Leased MOB in New York

**Minneapolis, Minn. – March 15, 2022 –** MedCraft Investment Partners, a dedicated investment platform focused exclusively on healthcare real estate, acquired a fully leased MOB in New York. The property is leased to a leading specialty group and hospital system. This purchase adds to our growing portfolio of assets with a core focus on specialists and not-for-profit providers. Our platform partners with physician owners and hospital systems to ensure the buildings provide the best setting for delivering care and serving their patients.

The transaction closed on February 25, 2022 for an undisclosed amount.

**About MedCraft Investment Partners, LLC**
MedCraft Investment Partners (MIP) is a unique investment platform built on integrity and decades of proven healthcare real estate expertise with customized client-driven solutions in developing, acquiring and managing health care facilities. We help identify, plan, and structure partnerships that result in greater economic value – while guiding against missteps that are commonly encountered along the way.
