MedCraft Investment Partners is Expanding Their Team

Minneapolis, Minn. – July 28, 2022 – [MedCraft Investment Partners](#), a dedicated investment platform focused exclusively on healthcare real estate, is excited to welcome new team members Alice Schweiger and Ivy Shuman. “We are fortunate to have Alice and Ivy join our team. They share the core MedCraft values of hard work, having fun, creative problem solving, self-starter, with absolute resolve and radical honesty, and are a great fit with the team” stated Michael Bennett, Managing Principal, MedCraft Investment Partners.

Alice Schweiger has joined MedCraft’s Chicago office as an Investment Associate. Alice will join our investment underwriting and execution team, as well as assisting in our asset management processes and reporting. Prior to MedCraft, Alice was in a similar role at ShopCore (Blackstone) and earned her undergraduate degree from UCLA. In addition to crushing financial models, Alice is an accomplished pottery maker, baker, and last year won a food trivia contest where she met the vaulted Alton Brown.

Ivy Shuman has joined MedCraft’s Denver office as Director of Asset Management. With over 15 years of experience, Ivy has directly managed 5M square feet worth over \$1.5B and has completed over 50 acquisitions and dispositions worth \$1B. Prior to joining MedCraft, Ivy worked with a Denver based developer, McWhinney, and brings valuable experience to our growing portfolio. He will be focused on supporting tenant satisfaction and achieving superior risk-adjusted returns across our portfolio. With his entrepreneurial spirit and willingness to dive in, Ivy is a valuable addition to our team. On the rare occasion Ivy is not attending one of his daughter's high school or club volleyball games, he enjoys fly fishing, cooking, and keeping up with his favorite football teams - the Kansas City Chiefs and Colorado Buffaloes.

About MedCraft Investment Partners, LLC

MedCraft Investment Partners (MIP) is a unique investment platform built on integrity and decades of proven healthcare real estate expertise with customized client-driven solutions in developing, acquiring and managing health care facilities. We help identify, plan, and structure partnerships that result in greater economic value – while guiding against missteps that are commonly encountered along the way. For more information, please visit www.MedCraftIP.com.
